

General Press release.

The 15th International EME Conference, August 2012

The UK Microwave Group (In conjunction with the RSGB), hosts of the 15th International EME conference are delighted to announce that the venue for this conference is to be Churchill College Cambridge.

The facilities have been inspected by the organising team and provide excellent accommodation, lecture theatre, meeting rooms, restaurant and bar on a single site.

A typical bedroom

The dining Hall

Part of the Bar area

The organising team is working to develop the program for delegates. This will include an optional pre conference tour and a program for partners. The main conference will take place on the 17th and 18th August 2012 with the optional tour on 16th. Accommodation will be available from the evening of the 15th August for those wishing to arrive before the tour. More details of the program will be announced as the plans are confirmed.
